

Show and Tell

Show and Tell is a new event at the Cambridge University Computer Laboratory designed to build relationships between research students and industry, as well as to showcase the research done in the Laboratory.

The majority of our PhD students will be involved, attending the days and producing posters of their research for discussion. Ten of the PhD students will give short talks about their research.

We will offer attendees the opportunity to breakout to private rooms to discuss research in more detail with students or staff.

Attendance is by invitation only. More details can be found at <http://www.cl.cam.ac.uk/show-and-tell>

Programme

**UNIVERSITY OF
CAMBRIDGE**
Computer Laboratory

Sunday 28 September

1800-2100 Informal Reception
A chance to meet other participants in an informal setting

Monday 29 September

0940-0950 Welcome

0950-1040 Introduction to CL Research: Computing for the Future of the Planet
Professor Andy Hopper

1040-1100 Coffee

1100-1145 PhD Research Talks

1145-1245 Security, Functionality and Scale
Professor Ross Anderson

1245-1400 Lunch

1400-1500 Keynote Speech: Dr Mike Lynch OBE
CEO, Autonomy

1500-1520 Coffee

1520-1630 Research Group Tour And Breakout Time
See our latest research on a tour of the Computer Laboratory

1830- Dinner, Emmanuel College

Tuesday 30 September

0930-0940 Welcome

0940-1040 PhD Research Talks

1040-1100 Coffee

1100-1200 Poster Judging
Research students will present posters about their research for our visitors to judge

1200-1245 PhD Research Talks

1245-1400 Lunch

1400-1500 Rigorous Foundations For Real-World Computing
Dr Peter Sewell

1500-1530 Closing Remarks And Prize Giving

1530 Coffee

1600 Depart

The Computer Laboratory is an academic department within the University of Cambridge which encompasses Computer Science, along with many aspects of Engineering, Technology and Mathematics. It consists of 35 full-time academic staff, 25 support staff, 35 post-doctoral research workers and 140 PhD students.
