

UNIVERSITY OF CAMBRIDGE COMPUTER LABORATORY

Long Vacation Course – Programming in Java

Recommended Books

Flanagan, F. (1997). *Java in a Nutshell*. O'Reilly.

Eckel, B. (1998). *Thinking in Java*. Prentice-Hall.

Provisional Timetable 14–25 July 2008

Lectures are held in the Hopkinson Lecture Room. Practical classes will be held in the Cockcroft Building, Floor 4.

Informal practical work can be done at any workstation connected to the PWF, for example the Phoenix User Area. Please note that the PWF may not be available 07:30–09:00 and/or 17:00–19:00.

Handouts for the lectures and practical classes can be found at www.cl.cam.ac.uk/teaching/current/FoundsProg
