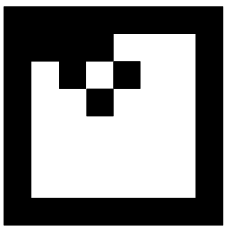
Anonymous feedback for Workbook 7 & the Java Course



Thank you for your feedback last week. Last week you asked for more examples, so Workbook 8 this week contains more examples. If you are struggling, don't forget you can ask your college for extra supervisions and help.

Please remember to fill in a feedback form once you have completed your tick
We want data from everyone, regardless of whether you're fast or slow!

Workbook 7: Please choose one by drawing a vertical line crossing the axis

My session is: 10-12 | 12-2 | 2-4 | 4-6

Hours taken last week: 0 | 5 | 10 | 15 | 20

Last week's content: Boring | Necessary | Interesting | Exciting

Amount of explanation: Patronising | More than I needed | Perfect | I needed more | Help!

Amount of work: Far too little | Too little | Perfect | Too much | Way too much

How comfortable with the following concepts are you:

New to me | Nervous | OK | Familiar | Comfortable

Containers, frames & panels
