**Computer Science Tripos 2016**

The Faculty Board of Computer Science and Technology give notice that, with effect from the examinations to be held in 2016, the form of the examination for the following papers for the Computer Science Tripos will be changed as follows:

**Computer Science Tripos Part II 2016**

Paper 7 will contain 14 questions. These will include a question on Artificial Intelligence II, on Principles of Communications and a question on Hoare logic and Model Checking combined. Candidates will be expected to answer five questions.

Paper 8 will contain 15 questions. These will include a question on Principles of Communications, on Artificial Intelligence II and on Types. There will be no question on Temporal Logic and Model Checking. Candidates will be expected to answer five questions.

Paper 9 will contain 15 questions. These will include a question on Principles of Communications, one question on Hoare logic and Model Checking combined and a question on Advanced Algorithms. There will be no question on Mobile and Sensor Systems. Candidates will be expected to answer five questions.

All other papers remain unchanged. Students are referred to the Faculty website at: [http://www.cl.cam.ac.uk/teaching/exams/](http://www.cl.cam.ac.uk/teaching/exams/) for further details.
