

**COMPUTER SCIENCE TRIPOS Part IB – 2023 – Paper 7**

**4 Economics, Law and Ethics (ah793)**

- (a) How does game theory account for the distribution of trolls (accounts that make deliberately offensive and provocative posts) on social media platforms? [10 marks]
- (b) If a popular social media platform changes its moderation policy, allowing trolls to proliferate, when are users likely to switch to another platform? [10 marks]
