

The 12 Cephalopods of Xmas

Κεφαλόποδα των Χριστουγέννων

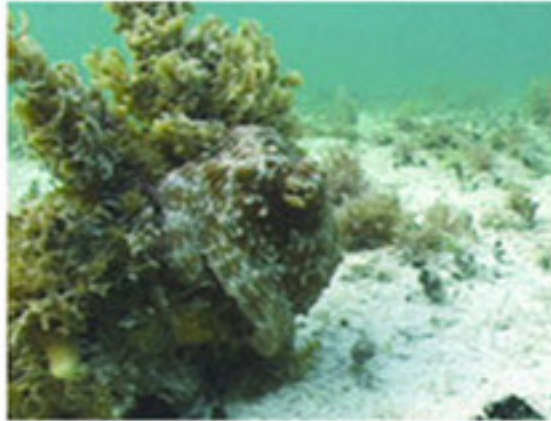

Jon Crowcroft

1 Super-conducting Quantum Interference Devices

- <https://www.energy.gov/science/bes/articles/what-s-noise-eating-quantum-bits>

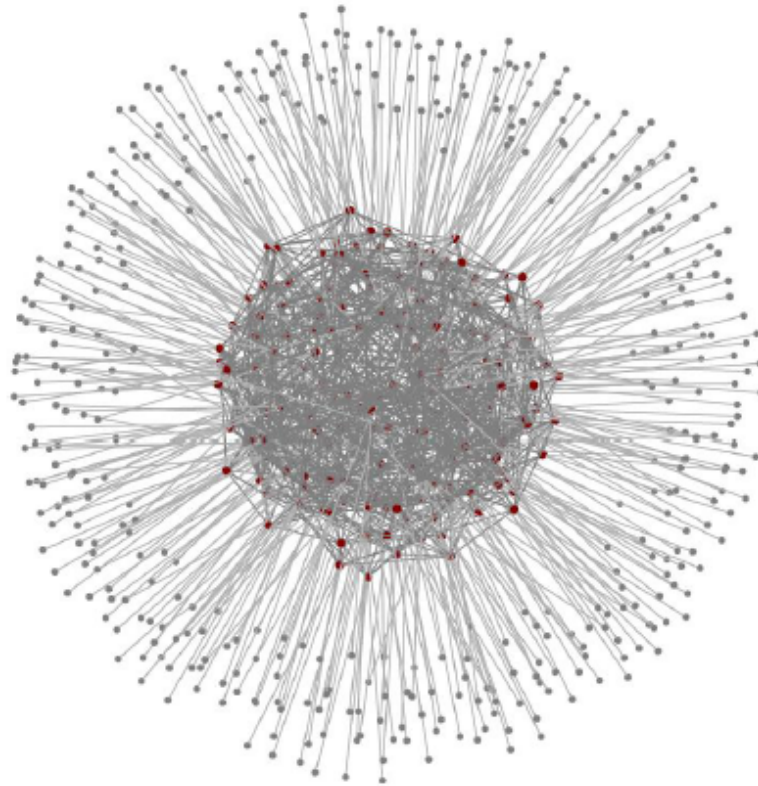

2 Chromatophores & really SSI

3. Jellyfish

4. <https://octopus.energy/>

- Demo (IoT Deviants)
- <https://home.solarmanpv.com/login>

5. Whalesong

- <https://www.wired.com/story/the-internet-is-not-as-new-as-you-think/>

6. Dolphins & Ethics

- https://www.goodreads.com/book/show/1099497.The_Voice_of_the_Dolphins_and_Other_Stories

7. here's that 6 squid I owe you

- Cache for questions
- <http://www.squid-cache.org/>

8. Capture

- <https://github.com/k-mistele/wifi-squid>

9. More octopi

- <https://www.amazon.co.uk/Other-Minds-Octopus-Evolution-Intelligent/dp/0008226296>
- An awesome book about how a creature 100s millions of years old runs distributed computing -- offloading programmes to tentacles - true.

10. camo

- camouflage
- squid et al don't just have ink, they can disappear--
- tor cover traffic v. masques

11. Every where I sea snails

- adversarial AI is here to stay, and I am not talking GANs...
- https://store.steampowered.com/app/1115050/Will_You_Snail/

12. Do Not Confuse

- καλαμάρια ν. Καλημέρα
