

FluPhone Operation

Welcome to
FluPhone !

At start of the application, 'Welcome' message will be shown.

Do you have
diarrhoea?

Upon selection of the option 'Report Symptoms', the activation message of the report function will be shown.

Symptom report screen contains an array of symptoms. The user select 'Yes/No' on each question.

As far as you know,
have you encountered
anyone with flu like
symptoms in the past
week?

Yes
No
Not sure

Based on the selection of symptoms, additional questions will be shown.

You do not have any respiratory symptoms; this suggests you do not have an influenza-like illness. However, this is not a diagnosis, and you should not treat it as one.

You have respiratory symptoms, but they do not suggest you have an influenza-like illness. However, this is not a diagnosis, and you should not treat it as one.

You have respiratory symptoms which suggest you may have an influenza-like illness. However, this is not a diagnosis, and you should not treat it as one.

Summary of your symptoms and some suggestions will be shown.

Thank you for telling us about your symptoms. Your information will help scientists and medics build up a better picture of how many people have swine flu or other flu-like

Confirmation of transmission of your symptom report and 'Thank You' message will be shown.
