# Seminar Bingo

Seminar date:

Seminar title:

Seminar speaker:

## Mark each square that occurs during the course of the seminar.

| | | | | |
|---|---|---|---|---|
| Laptop malfunction | Speaker spends several minutes talking to the title slide | The speaker's voice is too quiet for you to hear | Speaker flips *forward* past a slide too fast for you to read it | Unnecessary use of clip art |
| Speaker wastes several minutes explaining outline of the talk | Speaker flips *back* through several slides | Speaker is surprised by what appears on the next slide | Repeated use of "um", "er",… | Speaker reads out exactly what is on the slide |
| Entire slide filled with equations | Speaker spends too long talking about other people's work | Speaker runs over scheduled time | Unnecessary use of animation | You get lost before the talk is half finished |
| Speaker tells an "amusing story" that is not related to the subject of the seminar | Speaker turns their back on the audience | Slide junk covers top or bottom of every slide | Image or diagram too small | Text too small to read |
| Incomprehensible graphic (chart, graph, diagram,…) | Speaker apologises to audience | Spellling misteak | Slide with far too much information | Final slide has no contact details |

## Score:      /25
