

## Homework 4

- Take-home test 4 is given in [Lecture 13](#); the due is Lecture 15 – students will have one week to do this test.
- Each student selects a paper from a given set of papers on vision-language interaction. Each student will write a review of their assigned paper, including a comprehensive summary and their own thoughts.
- Word limit: 800 words.
- Assessment criteria: 15 points on whether a student understands the paper correctly; 5 points on whether a student is able to think critically.

# Homework 4: Papers

Students can freely choose any paper from the below list:
