

Wired store listing from the University Library archives.

Classmark UL comp-c5.1-i-xix Scanned DJG May 2025.

I have three copies of the EDSAC-2 fixed-store content from different sources.

- DJW26 portfolio has a copy
- The UL has a copy under Classmark comp-c5.1-i-xix
- GJD archive has a hand-annotated copy in ASCII.

Here I have scanned the first two pages and last page of the UL copy.

The Roman numerals top left reveal ththere were seven pages: I II .. VII.

The DJW26 portfolio copy has only been crudely scanned by myself so far and I sh
all update this file with a better version.

We also need to see if they are consistent!
